Accreditation assessment of the blood pressure measurement technology used in the Honsun Scian LD-735 wrist monitor, as validated according to the European Society of Hypertension International Protocol revision 2010

Medaval Accreditation-Assessment Report –5th August 2016

Test Device Details

		Assessment	
Full Name	Scian LD-735	Requirement satisfactory	
Model	LD-735	Requirement satisfactory	
Measurement Site	Wrist	Requirement satisfactory	
Client Use	Suitable for self-measurement.	Requirement satisfactory	
Operation Method	Oscillometry, automatic during deflation	Requirement satisfactory	
Measurement Occurrence Device Photograph	Single Measurements Only	Requirement satisfactory Modification: No photograph in pa shown in report.	aper. Standard image
Manufacturer(s)	HONSUN (Nantong) Co. Ltd., Room C. Floor 22, Zhiyuan Building, 768 Xietu Road, Shanghai 200023, CHINA	Requirement satisfactory	
Cuffs	Integrated 12.5 cm to 20.5 cm	Cuffs Listed: Requirement satisfacto Wrist Circumferences: Requiremen

Overall Summary

Number of checks	125
Number of permitted modifications	5
Number of violations	0

Assessment Summary

The validation has been checked and is verified as having been conducted in accordance with the protocol requirements. Therefore, the results are considered to be valid, the null hypothesis, that the device is inaccurate in measuring blood pressure, is rejected and the conclusion, that the device is accurate for self-measurement in adults, is correct.

Certification Decision

The Scian LD-735 is certified by Medaval Ltd., for blood pressure measurement in adults, as it fulfilled the conditions required for a pass in a validation study carried out in accordance with the requirements of the International Protocol of the European Society of Hypertension 2010 Revision.

Date of Advisory Board Approval: 4th August 2016.
