

Medaval rating of Blood Glucose Meters recommended by the US consumers' magazine *Consumer Reports*

Monitors are listed according to clinical validation.

Devices without evidence of validation include those without either a published paper proving validation or scientific evidence of equivalence to a validated device. Medaval will update devices where scientific proof of validation or equivalence is provided.

Warning: Blood glucose meter accuracy requires strict adherence to manufacturer instructions. If the procedure is not followed correctly, the results can be very inaccurate.

Symbols:  Discontinued

★★★★ 3-Star Blood Glucose Meters ★★★★★

Abbott FreeStyle Freedom Lite	Bayer Contour Next USB
Abbott FreeStyle Lite	J&J LifeScan OneTouch Ultra 2 
Bayer Ascensia Contour	Roche Accu-Chek Aviva Plus
Bayer Contour Next	

Blood Glucose Meters Validated in a Specific Population

Nipro TRUEtrack

Blood Glucose Meters with a Validation Fail
