

# PharmaSmart Models PS-1000 / PS-1000-LED

## AUTOMATED BLOOD PRESSURE KIOSKS

### Proven Accuracy & Reliability

User research studies prove the PharmaSmart PS-1000 & PS-1000-LED Models improve hypertension awareness, prescription compliance and physician reporting. Backed by a “quality assurance” service program, the PS-1000 line is a cost effective BP screening solution ideal for pharmacies, corporate worksites, fitness clubs or other public places.

PS1000

PS-1000-LED
